back. To stoop or lift mail sacks

about ready to give up when I began to  
use Electric Bitters, but six bottles

## THE CROP BULLETIN.

**WEATHER**-The week ending June  
10th was unusually cool, the mean tem-  
perature averaging 2 to 3 degrees be-  
low normal. Moderately heavy frost  
occurred in northern districts on the  
6th and in western sections on the 9th.  
In the Eastern part of the State light  
frost was of nightly occurrence. There  
was little or no precipitation reported  
the weather being generally clear to  
fair during the week.

**CROPS**-The weather conditions of  
the past week were, as a rule, unfavor-  
able to the growing crops, which are  
making rather slow progress on ac-  
count of the unseasonably cool weather  
of the past two or three weeks. The  
grain crops appear to be doing well  
in all districts. In the western portion  
of the State the wheat and barley are  
heading out, and the first crop of al-  
falfa will soon be ready to cut. Early  
potatoes are blooming and strawberries  
are being marketed. The ranges af-  
ford abundant feed and cattle, sheep  
and horses are doing well. Harvesting  
hay and grain continues in the south-  
ern portion of Lincoln county, with  
yields about the average.

The streams throughout the State  
remained about stationary during the  
week.

### FOUGHT FOR HIS LIFE.

"My father and sister both died of  
Consumption," writes J. T. Weather-  
wax, of Wyandotte, Mich., "and I was  
saved from the same frightful fate only  
by Dr. King's New Discovery. An at-  
tack of pneumonia left an obstinate  
cough and a very severe lung trouble  
which an excellent doctor could not  
help, but a few months' use of this won-  
derful medicine made me as well as  
ever and I gained much in weight." In-  
fallible for colds, croup, whooping  
cough, Croup, Colds, and all  
Throat and Lung trouble. Trial bottles  
free. Guaranteed bottles 50c and \$1.  
Sold by S. J. Hodgkinson.

## ABOUT MINE AND MINER

Notes Gathered From Exchanges

About This Indus-  
try.

The contractors who are putting up  
an \$80,000 mill for the Ophir Milling  
Company at Stateline, Utah, are sup-  
posed to have it completed in Septem-  
ber.

Battle Mountain mining district, Ne-  
vada, has a very bright outlook for the  
future, according to all reports. Many  
capitalists are interesting themselves  
in properties there. The veins in that  
district carry gold, silver, lead, cop-  
per and antimony.

J. A. Miller, who for some time, has  
had a bond on the Morse group of  
mines at Gold Park, 35 miles west of  
Austin, has sold this property to J. W.  
Chitt, who represents a syndicate of  
capitalists from Des Moines, Iowa, for  
a consideration of \$60,000.

Mr. Butler says that O. A. Turner,  
of Grass Valley, has bonded, or in fact,  
has purchased the Tonopah mines, the  
price being \$336,000, of which price  
Mr. Butler has been paid \$5,000, \$100,  
000 to be paid in 90 days and the re-  
maining \$186,000 to be paid on the 20th  
day of December, 1901.

The White Pine News says: Prof.  
F. D. Smith cleaned up the fragments  
of ore and tailings at the Chaiman  
last week, the result being 150 pounds  
of cyanides, which were shipped on  
Sunday to Selby & Co. at San Fran-  
cisco. It is estimated that the ship-  
ment will yield in the neighborhood of  
\$2,500 in gold. This completes the work  
of the old mill, which will be silent  
henceforth until in the course of time  
it may be decided to tear it down and  
utilize the material in making other  
improvements which must inevitably  
follow the completion of the new plant.
